- **Operating Systems** : windows
- **Other Skills** : API Integration, Responsive Design, Agile Development, Data Structure, DBMS, Object oriented programing, Artificial Intellligence

Projects

1. Salon Website

Designed and developed a salon booking website using React.js, featuring user- friendly navigation, appointment scheduling, and responsive design.
Implemented reusable components and ensured seamless user experience across devices.
Live Link : http://r-r-salon.vercel.app

2. Recipe App

Built a dynamic recipe app using JavaScript and API integration to fetch and display recipes in real-time.
Focused on responsive design and an intuitive search functionality.
Live Link : http://recipe-web-liart.vercel.app

3. Weather App

Developed a weather forecasting app using JavaScript and OpenWeather API to display current weather conditions.
Integrated location-based services for accurate and real-time updates.

4. Tic Tac Toe

Created a fully functional Tic Tac Toe game using HTML, CSS, and JavaScript.
Incorporated interactive gameplay with winning logic and a responsive layout.

5. Friendshipday Book

Created a Friendship Day Book web app using HTML, CSS, and JavaScript to display messages and images interactively. Designed a visually appealing and engaging user interface.

6. Driver Drowsiness Detection Key Skills : Python,AI (Algorithms)

Driver drowsiness detection systems aim to prevent accidents by monitoring signs of driver fatigue. These systems use technologies like eye tracking, facial recognition, and steering pattern analysis to detect drowsiness. Upon identifying fatigue, they alert the driver through visual, auditory, or haptic feedback. The goal is to enhance road safety by reducing accidents caused by drowsy driving.

Other Projects : **T0-D0 App , QR Code Generator, Calculator, Gmail Clone, RedBus Clone**

Experience

Starnovation Pvt. Ltd.

Key Skills: HTML CSS JAVA ADVANCE TECHNOLOGY
Company Name : STARNOVATION PRTVATE LIMITED
Duration : 10 June 2022 to 4 August 2022
Short Description : Successfully completed software intern in advance java technology, gaining hands-on experience in java advance technology concepts and services. In this internship, i have work on HTML , CSS , Java Script , Java Advance Technology. Intern Skills : HTML , CSS Java Script , Java Advance Verbal Communication Leadership Team work

Trainee

AI & ML

Gained proficiency in data preprocessing techniques, feature engineering, and module evolution, enhancing skills in end- to-end machine learning pipeline development. Engineered Machine Learning models to accurately understand user intent and provide intelligent responses. Utilized technologies like Python, PyQt, and other ML libraries.

Certification

➢ AWS Academy Graduate – AWS Academy Cloud Foundation
➢ AWS Academy Graduate – AWS Academy Cloud Architecturing
➢ The Complete Introduction to C&C++ Programing
➢ Engineering Data Structure

Personal Interests / Hobbies

Interests : Web Design, AI
Hobbies : Cricket
