Intern | Starnovation Pvt. Ltd.
06/2022 – 08/2022 | Indore, India
- Completed a comprehensive software internship focusing on advanced Java concepts, including multi-threading and API integrations.
- Gained hands-on experience working with HTML, CSS, JavaScript, and Java technologies.
- Contributed to the development of internal tools to streamline operations.

Trainee | AI & ML
- Developed machine learning models to understand user intent and provide intelligent responses.
- Utilized Python, PyQt, and machine learning libraries for preprocessing and feature engineering.

🎓 EDUCATION

B.tech, Medicaps University 🔗
2024 | Indore, India
- 8.17 CGPA

HSC, Govt.HSC School Mundi (Khandwa)
2020
- 62.08%

SSC, Saraswati Shishu Vidya Mandir School Mundi (Khandwa)
2018
- 79.08%

🌿 PROFESSIONAL SUMMARY

- Fresher MERN Developer with a strong foundation in **front-end**, **back-end**, and **full-stack web development**.
- Proficient in **React, Node.js, Express,** and **MongoDB**, with hands-on experience in building dynamic and **responsive web applications**.
- Completed multiple projects, including CRUD applications, **Salon website**, **MentorHub,** and a responsive **Gmail clone** using **Tailwind CSS**.
- Skilled in **API integration**, database management, and creating **user-friendly** interfaces.
- Excellent problem-solving abilities and team collaboration skills, aiming for **SDE1** roles.

📁 PROJECTS

Code-Audit-With-AI, AI-based code analysis tool 🔗
An AI-powered code auditing tool that reviews and analyzes code in multiple programming languages using **Google Gemini**.
- **Technologies:** React.js, Node.js, Express.js, Google Gemini API
- **Features:** Multi-language code review, real-time code editor with syntax highlighting, AI-driven feedback, and responsive UI.
- **Impact:** Enhances code quality, optimizes performance, and assists developers in debugging and best practices across various languages.

Salon Website 🔗
Responsive front-end project showcasing salon services with an intuitive user interface.
- **Technologies:** React.js, HTML, CSS, JavaScript
- **Impact:** Improved user engagement by delivering a visually appealing and mobile-friendly design.

Guidance Hub
A secure platform bridging the gap between mentors and mentees, fostering growth through personalized guidance.
- **Technologies:** MERN (MongoDB, Express.js, React.js, Node.js), JWT, Razorpay
- **Features:** User authentication, secure payment integration, and dynamic mentor-mentee matching.

Recipe App 🔗
Interactive platform for exploring recipes with detailed instructions and ingredient lists.
- **Technologies:** HTML, CSS, JavaScript
- **Highlights:** Simplified navigation and accessibility, enabling users to easily discover and save favorite recipes.
